

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF AT&T COMMUNICATIONS )	
OF THE SOUTH CENTRAL STATES, INC. )	
TO ADJUST RATES AND CHARGES FOR )	CASE NO. 92-555
ITS 800 PLAN P SERVICE )	

O R D E R

On December 18, 1992, AT&T Communications of the South Central States, Inc. ("AT&T") filed a proposed tariff to reprice its 800 Plan P service, an offering within AT&T's Custom Network Services Tariff. The proposed tariff changes the rate structure from one flat rate charged all the time to a rate design charged by three rate periods: Day, Evening, Night/Weekend. The changes result in a net revenue decrease to AT&T of approximately \$1,500 annually.

The Commission issued an Order January 15, 1993 allowing the tariff filing to become effective as scheduled on January 18, 1993, subject to further Orders of the Commission. No person has intervened or made any objections to the tariff filing.

AT&T proposed the following changes in its application: (1) increase the rate for daytime usage from \$.2650 to \$.2750 per minute, (2) decreased rates for Evening and Night/Weekend usage from \$.2650 to \$.2000 per minute, and (3) make other tariff revisions including establishing a separate holiday schedule. These proposed rates are cost documented and consistent with pricing requirements established in other cases. Therefore, the Commission's interim Order should be affirmed.

Having been otherwise sufficiently advised, the Commission  
HEREBY ORDERS that:

1. The Commission's interim Order allowing the tariff filing  
to become effective as scheduled on January 18, 1993 shall be  
considered final.

2. The tariff filed December 18, 1992 is hereby approved for  
services rendered on and after January 18, 1993.

Done at Frankfort, Kentucky, this 31st day of March, 1993.
